REPORT OF
THE LEGISLATIVE LIBRARY

Honourable Stewart S. McLean, Q.C.
Minister i/c of Libraries and
Historical Research.

Sir:

I have the honour to present the report of the Legislative Library for the calendar year 1967. This report comprises the Legislative Library itself, and, in addition, the Archives and Public Records Branch, and the library serving the Departments of Health and Welfare. Another division of the library, although the authority is under the Public Libraries Act, reports on the public libraries of Manitoba. The report of the Director of Public Library Services is therefore a separate report, but appended to the Legislative Library report.

ACQUISITIONS

Canada's Centennial year was responsible for the publication of many local histories of Manitoba towns, villages, and rural municipalities. A list of these publications is included in the report. It is hoped that more will be attempted in 1970 for Manitoba's Centennial in Confederation. Weekly newspapers, early issues of periodicals and our scrapbooks containing history and biography of our province were used continually for most of these history projects by the members of the Women's Institutes and local historical committees.

By law the Legislative Library is to receive, upon request, a copy of everything published in Manitoba. These histories are distributed privately or by local committees, consequently in many instances they are difficult to locate. It would be helpful if the persons responsible, authors, compilers, and printers, would report the publications to us so that we may immediately place our order. The importance of these histories cannot be minimized, as their focus is the achievements of our earliest settlers, along with the "firsts" in the community, first schools, railroads, post offices, stores, etc., the beginnings of municipal government and the growth of the first towns or rural municipalities. The histories are a tribute to those persons who, through great discomfort and sacrifice, built the lifeline of the province.

These histories have a permanent place in the Legislative (Provincial) Library, which is to Manitoba what the National Library is to Canada, in relation to the preservation of the history of our province.

Carberry News-Express, 1966.

Cypress River, Manitoba - History. In praise of pioneers.
Cypress River United Church, 1965.

A new book publisher in Winnipeg, Peguis Publishers, made its debut with two excellent books - the first a reprint of W.J.Healy's Women of Red River, and the second by Roy St. George Stubbs - Four Recorders of Rupertsland. Mr. Healy's book has been out of print (1923) and much praise should be given to the Women's Canadian Club, Winnipeg Branch, for republishing it as a Centennial project. Mr.Healy was a former Provincial Librarian. We wish Miss Mary Scorer, of Mary Scorer Books, the best of success in her new venture.

We list the local histories only; other book purchases include a variety of subjects too lengthy to be included in this report. Our selected list of acquisitions shows these books.

REFERENCE AND GOVERNMENT DOCUMENTS

Government publications are used for current topics, as well as for historical research, and they are the backbone of our research collection. The annual reports, the sessional papers, Hansard, surveys, and special commissions have their particular use. The sessional papers of the federal government during the years 1870-1886 contain references from the turbulent times of Manitoba's entry into Confederation to the trial of Louis Riel. Perusal of the United Nations studies gives information on the new nations, the civil strifes, wars between nations and the results of the United Nations deliberations on these topics. Hydro-electric surveys of the United States are also a good source of information. These are only a few examples of the type of source material found in a government documents collection. Users usually enquire after subject material, not after a specific document, but many questions can be answered only from the use of this collection.

An Order-in-Council was passed in 1949 authorizing departments to deposit three copies of their publications in our library. Two copies are retained and the third is forwarded to the National Library in Ottawa. We wish to remind departmental officials of this Order-in-Council, as we still experience difficulty in obtaining the special committee and survey type of report.

There has been increased interest in the Hudson Bay Railroad and immigration. The collection of railroad and immigration pamphlets was useful in this regard. Ethnic group studies were still to the fore, as were all phases of education, highway and flood studies, political boundaries and population studies, Metis and Indian conditions, medicare and welfare problems. Manpower, urban and suburban development, and housing are newer topics. Each new department and committee formed uses our resources, and as a result the growth of government is felt by the demands for research placed upon the staff.

Statistical tables follow this report. Statistics present quantitative use of the library, but there is no method evolved that would present its qualitative use. Some enquiries are of the quick factual variety, whereas others require much searching.

CATALOGUING AND CLASSIFICATION

From our rejuvenated cataloguing and classification division we expect great things. It is our hope that all current cataloguing will be kept up-to-date, and that the backlog of other material will dimish gradually.

1,155 books and documents and 253 immigration pamphlets were classified. 27,895 reports from other governments and agencies were received on free reciprocal exchange. 9,077 auther, subject and title cards were added to the catalogue. The total number of classified works is 74,890, and 701,964 documents and pamphlets, excluding periodicals and newspapers.

Notice of each item catalogued is forwarded to the National Library in Ottawa.

More volumes of rare Manitoba periodicals were analyzed for easier accessibility with the subject entries integrated with the card catalogue.

STAFF

During the past year we were able to increase our establishment to include an additional librarian and a clerk-typist, and in the Archives a second assistant archivist. The librarian's position is filled temporarily with a non-professional, as our advertisement did not bring forth an application from a librarian. However, we hope that the release of new graduate librarians from library schools will solve the difficulty.

Mr. Hartwell Bowsfield, Provincial Archivist, and Mr. Regis Bennett, Assistant Archivist, resigned last year. These positions have been filled by Mr. John Bovey, as Provincial Archivist, and Mr. Barry Hyman, as Assistant Archivist. Mr. Bovey was formerly Archivist with the North-West Territories, and Mr. Hyman was employed by the Public Archives of Canada. A more detailed report of staff will be found in the Archivist's report.

Statistical tables follow.

Respectfully submitted.

Marjorie Morley

Provincial Librarian.

REPORT OF THE ARCHIVES

Honourable Stewart E. McLean, Q.C.,
Minister i/c of Libraries and
Historical Research.

Sir:

I have the honour to present the report of the Archives for the calendar year 1967.

Staff

Centennial year saw the Archives staff change almost completely. While the number of positions increased from three to four, only one position did not change hands during the year.

Mr.Hartwell Bowsfield resigned as Provincial Archivist at the end of August. He was appointed Manitoba's first full-time Archivist in 1952 and consequently his years of unique experience in organizing and expanding the Archives and his great knowledge of the Province's history will be very notably missed by both the staff of the Provincial Library and Archives and the general public of Manitoba.

Mr. John A. Bovey was appointed Provincial Archivist on November 1st. Previously he was Archivist of the Government of the Northwest Territories.

Mr. Regis Bennett, Assistant Archivist since 1962, resigned at the end of April. Mr. Barry Hyman formerly on the staff of the Public Archives of Canada, was appointed to this position at the beginning of August.

Miss Elizabeth Blight joined the staff on December 1st to fill the newly created position of an additional assistant archivist.

Mrs. Louisa Douglas was the only staff member to fill the same position throughout the year. Special mention should be made of the rare but essential continuity she alone gave to the functioning of the Archives throughout the centennial year.

ACCESSIONS

To a great extent the Provincial Archives is what the general public, outside as well as within Manitoba's boundaries, makes it through generous and thoughtful presentations. Particular mention should be made of the manuscripts, publications and photographs given during 1967 by the following persons and institutions:

Charles Birt, British Columbia Archives, R.C. Brown, Dr. M. Campbell, G.M. Chute, Mme. T.G. Courchaine, Mr. W.E. Dearing, Mr. T. Gargan, Miss Aileen Garland, Miss Salome Halldorsen, Bishop Hives, Mrs. C.L. Kennedy, Mrs. T.W. Laidlaw, Robert A. Lang, Mrs. Alice MacKay, Miss Mary Moncrieff and Mrs. L.M. Hooey, Mrs. Kathleen Radford, Radio Station C.F.A.M. Mlle. Marie Anna Roy, St.Vital, Public Library, School of Nursing, Winnipeg General Hospital, Thomas Sinclair, Mrs. F.L. Skinner, R. St.George Stubbs, Rev. Rupert L. Taylor, Mrs. Carl Wintemute.

Statistics illustrate that the Archives remained at least as busy during 1967 as in previous years despite changes in staff and relatively long periods between resignations and new appointments. Of major significance was the passage of the Legislative Library Amendment Act during the 1967 session of the Legislative Assembly. The Act deals almost exclusively with Public Records and Archives and once it has been fully implemented there should be a further development in records disposal programmes and a substantial increase in the volume of public records deposited in the Archives. Throughout the year school districts have been particularly active in placing their records in the Archives, as provided under Section II subsection 3 of the new Act.

Respectfully submitted,

John A. Bovey,
Provincial Archivist.

REPORT OF THE LIBRARY
OF THE
DEPARTMENTS OF HEALTH AND WELFARE

Miss Marjorie Morley,
Provincial Librarian.

Madam:

I have the honour to present the annual report of the library of the Departments of Health and Welfare for the year 1967.

The library was greatly affected by the move of the Department of Welfare and the Division of Environmental Sanitation from the Norquay Building during the summer. The easy access by staff to the library was thus diminished. The subsequent decentralization of the Winnipeg regional welfare offices resulted in additional book and journal orders. Orders were discontinued for the former division of Fitness and Amateur Sport when it became part of the Department of Tourism and Recreation.

The library is a central ordering office for all division offices. As the statistics indicate book orders have remained constant and pamphlet orders have increased. The Brandon and Selkirk Hospitals for Mental Diseases continue to order many books due to federal grants for professional literature. The division of Community Development Services orders large numbers of pamphlets.

Information and reference inquiries received over the year indicate the growing interest in health and social problems. The most popular topic was drug addiction including many requests for information on LSD, marihuana and glue sniffing. Other topics were air and water pollution, abortion, family desertion, poverty, family life education, marriage and divorce, social planning, administration and staff training.

The growing student population of the two universities has increased the number of student readers. Students not only from the Schools of Nursing and Social Work have become regular library users, but also those from the School of Rehabilitation, Physical Education, and Education and students in the Arts and Sciences who seek material on social problems.

A large gift of several hundred books and journals was received from the Division of Public Health Nursing. Many of the items were retained and many were made available to the University of Manitoba School of Nursing Education. Thirty-five bound volumes of the British Medical Journal and the Lancet covering the years 1959 to 1966 were donated by Dr. P. Warner, Director of Health Services.

The library participates in the programs sponsored by the two departments and in particular took part in the Health Education Summer Workshop for teachers, Dental Services In-service Education Program, Prenatal Institutes, Public Health Nursing Refresher courses and numerous conferences. In addition, new staff members are made aware of the library's facilities and services. Eight groups of student nurses from the St. Boniface Hospital School of Nursing were introduced to the library.

An increasing interest is being shown by the division offices in the organization and control of their own collections. The librarian is consulted on many such an occasion.

The library published four lists of new additions to the collection and these were distributed to staff. A bibliography on family living was published in answer to

the growing demand for material in this field. This list was also distributed. A monthly list of selected new books is published in the Health Department Newsletter. A similar list will also be submitted to the Department of Welfare Staff News.

Although it is the function of a small specialized library to collect and maintain a current, up-to-date collection, the increasing amount of publications in the health and welfare field and our limited space is beginning to become a problem. Efforts will have to be made in the coming year to remedy this situation.

In keeping with the policy of any specialized library to give the best possible service to the people it serves, much assistance and material is obtained from other libraries, government offices and organizations. The librarian and staff take this opportunity in thanking these many sources for their excellent co-operation.

A statistical summary follows this report.

Respectfully submitted,

Pauline Roseman

REPORT OF
DIRECTOR OF LIBRARIES

The Honourable Stewart E. McLean, Q.C.
Minister i/c of Libraries and
Historical Research.

Sir:

Pursuant to the Public Libraries Act, R.S.M. Cap.212, I present the report of the Director of Libraries for the calendar year 1967.

Library votes for 1967

Town of Neepawa - 795 For 542 Against 43 Rejected passed

Neepawa will join the Western Manitoba Regional Library as a part of that library system.

Public Library Openings

Transcona Public Library - new wing, October 29, 1967.
South Inter-Lake Regional Library, Stonewall - new library opened November 17, 1967.

Services to Libraries:

Professional service:

The regional library division of the Provincial Library selects, orders, catalogues, and classifies the books for twelve public library systems, and distributes catalogue cards for these books.

Rotation of books:

Small libraries require a regular supply of books. As a means to giving the libraries new books at frequent intervals we felt that a book rotation system among the libraries was necessary. The first rotation was set up seven years ago, and served six libraries. On June 1, 1967, a second similar system was inaugurated, to include three libraries. In addition an exchange of French books among three libraries is operating. These libraries, also, receive permanent books for each library.

Union catalogue:

A union catalogue of all books in the 12 libraries mentioned above is maintained in our library.

Public Library Advisory Board

The board met on March 2, 1967, at the Manitoba Institute of Technology. Present at that meeting were the following persons:

Miss K. Coddington (Chairman) Mr. L.A.Grinnell (Killarney)
Miss S. Stefansson (Gimli)
Mrs. T.P.J.Chester (Charleswood)
Mr. E. H. Russell (Melita)
Mr. Geoffrey Davies Miss Marjorie Morley (Secretary)

Absent: Mrs. S. M. McRory (The Pas) - on vacation.

Miss K. Coddington resigned from the board when she left the city to take up new duties as Assistant Librarian, University of Saskatchewan, Saskatoon. She was appointed to the board as a representative of the University of Manitoba. Mr. David Wilder, Director of Libraries, University of Manitoba, was named by the University to the vacancy caused by Miss Coddington's departure.

Gift of Books

Our last report mentioned that the Centennial Commission, Ottawa, would present gifts of books in both English and French to the public libraries of Canada. On July 19, 1967, a reception was held in Winnipeg by the Commission, during which the Honourable Stewart E. McLean, Q.C., accepted the gift on behalf of the public libraries of Manitoba. He was presented with a scroll, which now hangs in the Provincial Library. All provinces participated in similar ceremonies on the same date.

We express our thanks for this lasting souvenir of our nation's 100th birthday.

Library Service to Indian Bands

Mrs. Edith Adamson, Library Consultant, Indian Affairs Branch, Department of Indian Affairs and Northern Development, requested that consideration be given to training of young Indians in the library field. This library employed one last year for a period of two months. She was from the Sandy Bay Indian Reserve.

General

The Western Manitoba Regional Library enlarged its area this year by the addition of the Town of Neepawa to its system. The population served by this library is 36,633. (1 city, 1 rural municipality, 2 towns)

Cooperation is the key to efficient library development. The voluntary system of cooperation which has grown up within the last ten years in comparison to the strictly independent system of former years is an improvement.

A statistical report follows.

Respectfully submitted,

Marjorie Morley

Director of Libraries.
